

STORAGE TOWER SPECIFICATION SHEET

Description: These units are premium storage cabinets with adjustable shelves; full pull, 3-way adjustable hinged doors and adjustable glides for leveling. Full flush bottom and top welded to the sides and back. Top has welded to jacket on 3-sides. Two full height uprights welded on each side (4) total along the front and back of the cabinet with adjustable shelf support clip holes in intervals of 9/16". Multi-formed steel shelf supported by (4) multi-formed plated shelf clips. Four adjustable glides accessible from inside the cabinet and supported by (4) 16-gauge multi-formed glide supports. It comes equipped with a double bit key lock (with 2 keys included) mounted on the right hand door. Wardrobe unit with coat hook, available in 9"w and 12"w, double hinged door having vertical full pull, and locking.

Lateral drawers 30", 36"widths, 18 1/8"depth, two drawer 27-3/4"h, and 5 drawer 65-1/4"h. Available with full width pull, lateral retractable doors have (2) heavy-duty 3" hinges welded to each door. The hinges are bolted onto a nylon glide, which slides on a track on both sides of the door opening. Drawers operate on 2 fully extendable, heavy-duty 3-segment progressive ball bearing suspensions. A core-removable cylinder lock centrally controls all openings in the unit located in the front of the top. Mechanical safety interlock prevents opening more than one drawer at a time.

Finish: All Invincible[™] steel products are processed through a 5-stage industrial washer to remove oil and organics from the surface while applying an iron phosphate conversion coating to promote adhesion and corrosion resistance as a pre-paint treatment. In addition, parts are rinsed with a non-chrome sealer to aid in paint adhesion and to further protect the metal. **The surface is then painted with environmentally-friendly and highly durable hybrid powder coat paint applied electrostatically and cured at high temperature.** Invincible[™] products are available in a full assortment of standard Invincible[™] colors, both smooth and textured finishes, as well as special order colors.
